The Regulation on the Satisfaction Survey of Doctoral Students (hereinafter referred to as: “Regulation”) issued by the University of Pannonia (hereinafter referred to as: “University”) on the basis of the Organisational and Operational Rules (hereinafter referred to as: “OOR”), Part I Organisational and Operational Rules of Procedure (hereinafter referred to as: “OORP”) approved by the Senate and adopted by the Foundation for the University of Pannonia acting as the operator exercising founders’ and ownership rights (hereinafter referred to as: “Operator”) and on the basis of the resolution by the Board of Trustees on the rules of procedure for adopting the regulations of the University of Pannonia by the Board of Trustees as well as Part III of the OOR: Student Requirement System (hereinafter referred to as: “SRS”) and Subsection fb) of Section (3) of Article 12 of Act CCIV of 2011 on National Higher Education and the provisions of Section (8) of Article 22 of the Doctoral Rules is as follows:

1. §

Aim of the Regulation

(1) The Regulation on the Satisfaction Survey of Doctoral Students, in line with the integrated Quality- and Environmental Management Policy of the University, creates an opportunity for doctoral students to take part in the improvement of the quality of doctoral training programmes in an objective and responsible manner, taking the following aims and guidelines into consideration:

- a) contribution to the improvement of the quality management system of the University;
- b) improvement of the quality of training programmes;
- c) facilitation of the improvement of teaching standards;
- d) supporting the improvement of the training plan;
- e) feedback for teachers, doctoral supervisors and the employees responsible for the administration of the Doctoral School on the perception of their activities, contribution to their personal development

- f) objective feedback for the Head of the Doctoral School on the operational quality of the Doctoral School, possible problems and the various areas for improvement;
- g) assistance for the Doctoral and Habilitation Council of the University (hereinafter referred to as: “DHCU) in setting the direction for improvement;
- h) support for the management of the University for defining future directions of improvement.

2. §

Scope of the Regulation

- (1) This Regulation applies to
 - a) the evaluation of the teaching activities of each person performing educational activities at the Doctoral Schools of the University (hereinafter referred to as: “teacher”), irrespective of the type of employment relationship;
 - b) the evaluation of the work of each person performing doctoral supervision activities (hereinafter referred to as: “doctoral supervisor”), irrespective of the type of employment relationship;
 - c) the evaluation of the work of each person performing administrative activities at the Doctoral Schools of the University;
 - d) all the people participating in the assessment of the activities relating to doctoral training programmes;
 - e) the assessment of the quality of activities relating to the Doctoral Schools, in particular the processing of the evaluation questionnaires, the publication and storage of results, the options for correcting deficiencies and all the people participating in these processes, irrespective of the type of employment relationship.
- (2) This regulation applies to all the Doctoral Schools of the University, irrespective of the language of training.

3. §

The questionnaire

- (1) The satisfaction of doctoral students is evaluated once a year with the help of online questionnaires compiled in advance in the language used in the given training programme.
- (2) The questionnaires include the questions approved by the Senate after they have been reviewed by the DHCU and the Quality Improvement Committee based on the proposal by the Doctoral Students' Union of the University of Pannonia (hereinafter referred to as: "DSUUP"), the Doctoral Schools and the Director of the Centre for Quality Improvement.
- (3) The questionnaires are suitable for the evaluation of the quality of doctoral training programmes in the corresponding Doctoral School.
- (4) The Doctoral Schools have the opportunity to modify the questions specific to them upon invitation of the Centre for Quality Improvement. The modified questions in English and Hungarian are sent to the Centre for Quality Improvement by the Doctoral Schools.
- (5) General instructions are available for the facilitation of an easy completion of the questionnaire. The general instructions form Annex 1 of this Regulation, while Annex 2 includes a chart with the summary of deadlines specified in this Regulation, Annex 3 presents the questionnaire in English.
- (6) Doctoral students cannot be compelled to complete the questionnaire; they have the right not to fill in the questionnaire or not to respond to one or more questions in the questionnaire.

4. §

Making the questionnaire available

- (1) It must be guaranteed that responding doctoral students fill in only one questionnaire and that the doctoral students cannot be identified. It must also be

ensured that a Doctoral School may only be evaluated by doctoral students who are doctoral students of the Doctoral School in question.

(2) It is the duty of the Centre for Quality Improvement to activate the questionnaires and write the text of the notification to be sent to students in English and Hungarian. It is the task of the competent employee of the Directorate of Academic Affairs to notify doctoral students via the students' information system called Neptun of the opportunity to fill in the questionnaires. The secretaries of the Doctoral Schools make the link to the questionnaire available on the website of their Doctoral School. Deadline for notifying doctoral students: 31st May every year.

(3) The online completion of questionnaires takes place between 31st May and 15th June every year.

5.§

Aggregating and processing the data of the questionnaires

(1) The questionnaires filled in by the doctoral students are processed by the Centre for Quality Improvement. The results are aggregated by doctoral school and by institute. Upon request, Doctoral Schools will receive their own data base.

(2) The textual responses to both multiple choice and open questions are aggregated.

(3) Separate analyses can be prepared for supporting current doctoral quality improvement goals under the guidance of the Director of the Centre for Quality Improvement and in line with the integrated Quality- and Environmental Management Policy of the University and the Institute Development Plan.

6.§

Providing information and feedback

(1) Data supply based on the processing of the questionnaires is provided in an electronic way as follows:

- (a) sending results at doctoral school level to the Head and Secretary of the given Doctoral School;
- (b) sending results at doctoral school level to the Dean of the Faculty;
- (c) sending a summary report with data aggregated at doctoral school level to the President and Secretary of the DHCU;
- (d) sending a summary report with aggregated data to the President of the DSUUP;
- (e) sending a summary report with data aggregated at doctoral school and institute level to the Rector, the Deputy Rector for General and Scientific Affairs and the Chancellor of the University.

(2) The results of the evaluation must be sent to those named in Section (1) until 30th September each year.

(3) Doctoral Schools discuss the evaluation results on their own forums and develop an action plan which they send to the Centre for Quality Improvement on or before 30th November each year.

(4) When handling data, the personality rights of those concerned must be respected and the relevant provisions of Act CXII of 2011 on Informational Self-Determination and Freedom of Information, Regulation 2016/679 of the European Parliament and of the Council and Act V of 2013 on the Civil Code and the provisions of the relevant laws must be observed.

(5) The Centre for Quality Improvement must retain the evaluation results for five years.

7.§

Miscellaneous and final provisions

(1) The Director of the Centre for Quality Improvement is responsible for the implementation of the evaluation process, in cooperation with the organisational units concerned.

(2) The revision of the content of the questionnaire may be requested by the Quality Improvement Committee, the DHCU or the DSUUP.

(3) This Regulation was discussed by the Senate at its meeting of 18th April 2024 and adopted by Senate Resolution 84/2024. (IV.18.). This Regulation enters into force on 30th April 2024. At the same time, the Regulation adopted by Senate Resolution 117/2023. (V. 25.) ceases to have effect.

Annexes

Annex 1: General Instructions to the Questionnaire

1. Ensuring anonymity is of utmost importance when completing the questionnaire; as a result, please do not provide any details that may be used to identify you.
2. It takes 10 minutes to complete the questionnaire. You can follow your progress throughout the survey.
3. At the beginning of the questionnaire, the student must select the Doctoral School he or she attends.
4. Some of the questions included in the questionnaire are general; the questions specific to the Doctoral School are available for completion only to the students of the selected Doctoral School.
5. Students must specify which phase of their doctoral training they are currently in: “training and research phase” or “research and thesis phase”.
6. An answer must be chosen for each multiple choice question, otherwise the respondent cannot go on completing the questionnaire.
7. The completion of the questionnaire can be paused and resumed at any time during the completion period. The questionnaire can be submitted without filling in the free text parts and the specific questions (the system indicates the questions which must be answered).

If you have comments or improvement ideas about the satisfaction survey of doctoral students, please contact the Director of the Centre for Quality Improvement at minoseg@uni-pannon.hu.
